

Table of Contents

Preface	vii
Elastic waves from localized sources in composite laminates	
<i>A. Mal</i>	1
The method of generalized ray applied to plastic sources	
<i>F. Ziegler</i>	25
On the energy release rate from a moving dislocation and the equation	
of motion of a dislocation <i>X. Markenscoff</i>	37
Backscattering of bulk waves from a surface-breaking crack under a	
compressive stress <i>C. Pecorari</i>	45
Asymptotic formulas for the stress field of a crack by nonlocal elasticity	
<i>H. H. Dai, K. Pan & Y. Fu</i>	55
Elastodynamic response of a cracked fiber-reinforced body to a non-uniform	
transient plane-strain loading <i>E. G. Velgaki, H. G. Georgiadis</i>	63
Effect of an imperfect interface on elastic P-wave scattering by a	
spherical inclusion <i>A. C. Wijeyewickrema, L. Mei-Chiang</i>	71
Recent advances of the use of Lamb waves for material characterization	
<i>T. Kundu</i>	83
On the role of material constitutive relations in long rod penetration	
mechanics <i>Z. Rosenberg, E. Dekel</i>	99
Wave propagation in planarly-stratified multilayers	
<i>A. Morro</i>	107
Ultrasonic Lamb waves in layered piezoelectric plates	
<i>J. M. Orellana, B. Collet</i>	125
Radiation mode model for multilayered structures	
<i>J. Vandeputte, G. Shkerdin, & O. Leroy</i>	141
Elastic wave scattering from a perturbed flat interface	
<i>S. Nair, D. A. Sotiropoulos</i>	151
The effect of stress on interfacial waves in elastic compressible	
interlayers <i>D. A. Sotiropoulos, C. G. Sifniotopoulos</i>	169
