Section I: Theoretical and Developmental Framework

Chapter 1

INTRODUCTION	3
--------------	---

Eric Schopler, Nurit Yirmiya, Cory Shulman, and Lee M. Marcus

Chapter 2

TREATMENT FOR AUTISM: FROM SCIENCE TO PSEUDO-SCIENCE OR ANTI-SCIENCE	9
---	---

Eric Schopler

Historical Background	10
Perpetuation of the Research–Clinic Gap	11
Bridging the Gap between Research and Service	12
Autism as Spectrum Disorder	13
Intervention Spectrum	14
Bridging the Controlled Research to Service Gap	14
Medical Model	15
Habilitation Approach	17
The Autism Culture	19
Implications for Intervention by Social Policy	21
References	23

Chapter 3

APPLYING DEVELOPMENTAL PRINCIPLES TO THE STUDY OF AUTISM 25

Jacob A. Burack, Luigi Pastò, Mafalda Porporino, Grace Iarocci,
Laurent Mottron and Dermot Bowler

Developmental Principles in the Study of Persons with Autism	26
Specificity, Normalcy, and Uniqueness: Issues from Psychopathology	32
Conclusions: Implications for Interventions	37
References	38

Chapter 4

THE OTHERWORLDLY GIFTS OF AUTISM: MYSTICAL IMPLEMENTATION
OF FACILITATED COMMUNICATION IN THE ULTRA-ORTHODOX
COMMUNITY IN ISRAEL 43

Yoram Bilu and Yehuda Goodman

The Cultural Construction of Autism	43
The Controversy Over Facilitated Communication	44
The Implementation of FC in the Haredi Community in Israel	45
The Religious Rationale of FC in the Haredi Context	46
“What Does the Soul Say” in FC Sessions?	47
Clinical Implications of Metaphysical FC	51
Between Clinical and Metaphysical FC	52
References	54

Section II: Biological Perspectives

Chapter 5

COMPARISON OF SIBLINGS OF INDIVIDUALS WITH AUTISM AND
SIBLINGS OF INDIVIDUALS WITH OTHER DIAGNOSES: AN EMPIRICAL
SUMMARY 59

Nurit Yirmiya, Michal Shaked, and Osnat Erel

Method	61
Results	64
Discussion	68

CONTENTS	xvii
----------	------

Implications for Interventions	70
References	71

Chapter 6

FRAGILE X SYNDROME AND AUTISM	75
-------------------------------	----

Deborah D. Hatton and Donald B. Bailey, Jr.

Fragile X Syndrome	76
Fragile X Syndrome and Autism: Review of the Literature	77
Studies by the Carolina Fragile X Project	79
Implications for Intervention	85
Summary and Future Directions	86
References	87

Chapter 7

ANALYSIS OF THREE CODING REGION POLYMORPHISMS IN AUTISM: EVIDENCE FOR AN ASSOCIATION WITH THE SEROTONIN TRANSPORTER	91
---	----

Nurit Yirmiya, Tammy Pilowsky, Lubov Nemanov, Shoshana Arbelle,
Temira Feinsilver, Iris Fried, and Richard P. Ebstein

The Organic Basis of Autism	91
Genetics and Behavior Genetics of Autism	92
Participants	94
Genotyping	95
Statistical Methods	95
Results and Discussion	95
Clinical Implications	97
References	98

Chapter 8

AUTISM, STRESS, AND CHROMOSOME 7 GENES	103
--	-----

Michael Shapira, David Glick, John R. Gilbert, and Hermona Soreq

Autism as a Complex Trait, Candidate Loci, and Genes	104
Is Autism Associated with Inherited Impairments in Stress Responses?	106

Chromosome 7 and Autism	108
Prospects	110
References	111

Section III: Communication and Social Issues

Chapter 9

COMMUNICATIVE INTENT IN AUTISM	117
---------------------------------------	------------

Cory Shulman, Odette Bukai, and Sigal Tidhar

Communicative Intent: Definition	118
Communicative Intent: Determining Intentionality	119
Elements of Communicative Intent	120
Development of Communicative Intent in Typically Developing Children	121
Communicative Intent and Autism	122
Purpose of the Current Study: Importance of Systematic Procedures	124
Participants	125
Quantitative Aspects of Communicative Intent	126
Qualitative Aspects of Communicative Intent	127
Summary	128
Possible Subtyping According to Communicative Intent	129
Implications for Intervention	130
References	131

Chapter 10

ISSUES IN EARLY COMPREHENSION DEVELOPMENT OF CHILDREN WITH AUTISM	135
--	------------

Linda R. Watson

Speech Perception in Infants	136
Speech Perception in Autism	137
Constructing Meaning in Social Interactions	138
Early Strategies for the Social Construction of Meaning	139
Deficits in Early Social Construction of Meaning by Children with Autism	140
Later Strategies for Constructing Meaning in Social Interactions	143
Cascading Deficits in Construction of Meaning by Children with Autism	144
Symbol Formation and Autism	144
Implications for Intervention	145
Summary	146
References	147

Chapter 11

THE EXPERIENCE OF LONELINESS AND FRIENDSHIP IN AUTISM:
THEORETICAL AND PRACTICAL ISSUES 151

Nirit Bauminger and Connie Kasari

Loneliness in Typical Development: Conceptual Basis 152
Loneliness in Autism 152
Friendship in Autism 154
Summary and Conclusions 163
References 164

Section IV: Education and Intervention

Chapter 12

ISSUES IN EARLY DIAGNOSIS AND INTERVENTION WITH YOUNG
CHILDREN WITH AUTISM 171

Lee M. Marcus, Ann Garfinkle, and Mark Wolery

Factors in Early Diagnosis 172
Intervention Strategies Based on Learning Characteristics 174
Basic Components of a Preschool Program 176
Brief Review of Program Models 178
Examples of Specific Intervention Strategies 179
The Center-Based Early Intervention Demonstration Project for Children with
Autism 181
Implications for Future Intervention Research and Practice 182
References 183

Chapter 13

EVALUATING TREATMENT EFFECTS FOR ADOLESCENTS AND ADULTS
WITH AUTISM IN RESIDENTIAL SETTINGS 187

Mary E. Van Bourgondien and Nancy C. Reichle

Determinants of Outcome Measures 188
Individual/Family/Program Goals 188
Program Evaluation Research 189
Effects of Residential Treatment on Children with Autism 191
A Multidimensional Approach to Evaluating a Residential Treatment Program
for Adults 191

Conclusions Based on Available Research	194
Methodological Considerations	195
Summary	196
References	197

Chapter 14

PSYCHOPHARMACOLOGIC TREATMENT STUDIES IN AUTISM	199
---	-----

Linmarie Sikich

Criteria for Empirically Supported Treatments	200
Review of Psychopharmacologic Treatments in Autism	203
References	214

Chapter 15

SLEEP PROBLEMS IN AUTISM	219
--------------------------	-----

Shoshana Arbelle and Itzhak Z. Ben-Zion

Normal Sleep	219
Sleep Problems in Children	222
Sleep Problems in Autism	223
The Etiology of Sleep Problems in Autism	224
Treatment of Sleep Problems in Autism	225
Conclusions	226
References	226

Chapter 16

CONCLUDING COMMENTS	229
---------------------	-----

Cory Shulman, Robert Zimin, and Edna Mishori

The Developmental Approach in Autism	229
The Biological Approach in Autism	230
Interventions Based on Research Results	231
The Multidisciplinary Approach in Autism	232
The Cultural Approach in Autism	233

INDEX	235
